

Hose Storage

The Right Connection™

Dixon's line of hose storage racks and reels meets a variety of facility storage needs. Proper storage of hose protects your investment by ensuring a longer lifespan. Dixon racks and reels also eliminate hose clutter safety hazards, providing a valuable tool for your facility.

Style V Swing Type Reels

- drum storage of collapsible hose avoids damaging kinks, for longer hose life
- pivot mounting permits reel to swing to the proper angle preventing twists and kinks
- rugged all-steel construction
- open sides allow faster hose drying, preventing mold and mildew
- red powder coat finish
- wall mounting is standard
- style V5 (when used with 1½" hose only), has a space between the reel sides to accommodate two widths of hose side by side, for maximum capacity in minimum space
