

Dixon

Presents a

Hose Coupling Workshop

Continental Breakfast
(7:30 a.m. – 8:00)

Classroom
(8:00 a.m. – 12:30)

This portion of the workshop is primarily of a discussion and demonstration nature. Tips and techniques regarding the measuring and cutting of a hose, coupling selection based upon application, and proper coupling installation are all a part of this session. The following are some of the items that will be discussed and/or demonstrated:

◆ King Crimp

- | | |
|---------------------------|-----------------------|
| ◆ Coupling Inserter | ◆ Banding Equipment |
| ◆ External Swaging | ◆ Internal Expansion |
| ◆ Boss Clamp Installation | ◆ Hydrostatic Testing |

Hands-On
(1:00 – 4:00 p.m.)

This is an opportunity to get involved with the techniques and equipment observed in the classroom session. This is an excellent opportunity for shop personnel to receive personalized training from our own expert technicians.

This is a one-day workshop.

All class vacancies will be filled on a **first-come, first-served** basis.
